ALL-SURFACE FLOOR CLEANING KIT

PRODUCT DESCRIPTION:

SENTINEL'S ALL-SURFACE FLOOR CLEANING KIT features a mop, washable microfiber mop pad, and a quart of Sentinel's 810 Floor Cleaner spray. The microfiber mop works like a powerful magnet, lifting up and trapping moisture, dirt, grime, and dust. This unique fiber cleans and polishes without the use of harsh chemicals. Sentinel 810's water-based, non-toxic formula safely cleans all flooring surfaces and can also be used to prep sub-floors prior to re-installing new flooring following the removal of old flooring adhesives.

DIRECTIONS:

Sweep, dry mop or vacuum any loose dirt and grime on the floor prior to use.

Step 1: Screw together the four mop handle sections and attach the mop head.

Step 2: Dampen the microfiber pad with warm water and ring out any excess water.
Press the microfiber cleaning pad onto the hook and loop strips on the mop head.

Step 3: Spray eco-friendly 810 floor cleaner directly onto floor surface or onto microfiber cleaning pad.

Step 4: Mop floor thoroughly removing any puddles or standing 810. Allow floor to dry before walking on.

Microfiber Pad Washing Instructions: Hand or machine wash in warm or hot water. Do not wash with articles that "shed" lint. Avoid using bleach or fabric softeners. Wash pad when residue or streaks appear on floor after mopping.

Precautionary Statements:

810 is *NOT* recommended for oil, wax, or unfinished wood floors.

Over-saturating or forming of puddles for an extended period of time may cause staining.
