PL145

LOW ODOR MASTIC REMOVER

*This Floor or Wall Covering Adhesive Remover contains less than 5% V.O.C. content by weight, effective 1-1-2009.

PRODUCT DESCRIPTION

Sentinel PL145 LOW ODOR MASTIC REMOVER is designed to remove asphalt cutback adhesives and rinse leaving no residue. When subfloors are dry, new flooring may be confidently installed.

WARRANTY NOTICE

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price, because seller cannot control users handling, and use, or effect of that use.

DIRECTIONS

BLACK CUTBACK ADHESIVE REMOVAL
STEP ONE: Wet the entire adhesive surface with PL145. This may be done by using a garden sprayer or by mopping PL145 over the surface of the adhesive. DO NOT over apply PL145 in the first step. Allow PL145 to soak and penetrate for 10-20 minutes.
STEP TWO: Scrape the bulk of the softened adhesive from the surface with a floor scraper (8 inch razor scrapers are generally preferred). This will help increase the coverage of PL145 and reduce the amount of liquid generated, and make final clean-up easier.
STEP THREE: If necessary, protect walls, drains, cracks, and other flooring with plastic and absorbent (rags, kitty-litter or sawdust) to keep liquified adhesive contained.
STEP FOUR: Reapply PL145 as in step one. Agitate with a short-bristled broom, hand-held or rotating floor scrubber with stripper pads to fully lift and liquefy adhesive residue from the subfloor. This liquid may then be removed with absorbent.
STEP FIVE: Wash and rinse the floor thoroughly with Sentinel Envirowash 805 or Sentinel 810 and water to ensure a clean surface. Allow to dry.

DANGER

(Contains: Petroleum distillates, hydrotreated light, Solvent naphtha, petroleum, heavy aromatic,2-(2- butoxyethoxy) ethanol, Surfactant) May be fatal if swallowed and enters airways.

HAZARD RATING: HMIS
HEALTH 1
FLAMMABILITY 2
REACTIVITY 0
