## PROFESSIONAL RESTORATION PRODUCTS

Sentinel 335 Riot Control Agent Neutralizer is a professional strength, neutralizer used to clean up tear gas residue in areas where tear gas has been used and property and building surfaces are contaminated. Sentinel 335 is safe for use on most common surfaces and neutralizes the actives found in tear gas residue, allowing for the safe decontamination of the area. 335 can also be used for content cleaning and is safe for use on most washable fabrics and soft goods.

### USAGE GUIDELINES

Read directions thoroughly prior to use. Test product on an inconspicuous area to assure desired results when using on soft goods or upholstery. Mixed solution may be used as a pre-spray or as a wet mist in a truckmount vacuum line.

### DIRECTIONS FOR USE (FOR PROFESSIONAL USE ONLY)

Sentinel 335 is ready to use. Apply 335 with a low-pressure sprayer to affected hard surfaces like floors, walls, ceilings, windows, etc. Remove as much of the residue as possible from all surfaces, including soft goods and upholstery by vacuuming using a HEPA or ULPA vacuum system. Content cleaning may be done using 335 with downdraft tables or in immersion cleaning. Washable fabrics and carpets may be cleaned using 335 as a prespray followed by extraction cleaning.

Spaces should be ventilated after use. If severe odors persist after cleaning, use Sentinel 522 Smoke & Odor Destroyer, or 531 Smoke and Odor Counteractant to remove these odors.
