

FORMULA

369

ULTIMATE CLEANER
& DEGREASER

Cleans Metals & Coils

Multi Metal Safe Powerful Cleaner
Brightens Coils
Biodegradable
Non- Caustic Formula

PRODUCT DESCRIPTION:

Sentinel 369 Ultimate Cleaner & Degreaser is a water- soluble powerful cleaner and degreaser that is an excellent alternative to traditional petroleum or hazardous solvent based degreasers. Highly concentrated with superior cleaning and degreasing properties, Sentinel 369 specialized blend of water- soluble solvents, wetting and emulsifying agents create the ultimate cleaner and degreaser. Sentinel 369 contains no free alkalinity, no glycol ethers and is free rinsing. Sentinel 369 is lemon/ lime scented with a pH of 11.75.

USAGE GUIDELINES:

Sentinel 369 is a multi metal, rubber safe formula that can be used to clean and degrease most surfaces including metal surfaces, structural surfaces and painted/ finished surfaces. Sentinel 369 can be used on most common metal building substrates such as aluminum, stainless steel, galvanized steel, copper, brass and mild steel. Use 369 when cleaning and degreasing HVAC components, coils, roof decking, structural metals, piping, architectural and ornamental metals.

DIRECTIONS FOR USE: (FOR PROFESSIONAL USE ONLY)

Read directions thoroughly prior to use. Test in a small inconspicuous area prior to ensure desired results. Sentinel 369 can be applied with a pressure washer, pump sprayer, foamer, trigger sprayer or in bucket washing applications. Mix product in applicator and apply solution onto surface. Allow product to soak for a few minutes when removing tough stains and soils. Agitate the affected surface with a brush or sponge and rinse with clean water.

DILUTIONS: Sentinel 369 is highly concentrated dilute product as follows:

Light Soils: 2 - 4 oz. of 369 per gallon of water

Medium Soils: 4 - 6 oz. of 369 per gallon of water

Heavy Soils: 10 - 12 oz. of 369 per gallon of water
