

FORMULA 747

# FRESH SCENT MASTIC REMOVER

FRESH SCENT / HIGH COVERAGE RATES / V.O.C. COMPLIANT / FAST-ACTING

## Product Description

Sentinel 747 Fresh Scent Mastic Remover is the original, most widely used and specified remover designed to clean and remove black asphalt and solvent based mastics and clear thin spread adhesives commonly found under 9" and 12" vinyl floor tile. This product works best at room temperature (70° F.) Colder temperatures can affect product performance.

## Application Information (Always follow product label instructions for best results)

### DIRECTIONS:

Before beginning work, protect all walls, flooring, carpeting, cracks or wood with an absorbent from liquid materials. This will ensure easier clean-up and eliminate potential problems

### STEP 1:

Wet the entire adhesive surface with 747. This may be done by spraying or mopping 747 over the surface of the mastic. Allow 747 to soak and penetrate into the mastic for 10 - 20 minutes.

### STEP 2:

Scrape or squeegee the bulk of the softened or liquefied mastic from the surface with a floor scraper (razor scraper) or floor squeegee.

### STEP 3:

Reapply 747 as in step one. Agitate with a short-bristled broom, hand-held or rotating floor scrubber with stripper pads to fully lift and liquefy adhesive residue from the subfloor. The liquid may then be removed with absorbent.

### STEP 4:

Wash and rinse the floor thoroughly with Sentinel 805 and water to ensure a clean surface. Allow to dry a minimum of 24 hours before installing new flooring.

### COVERAGE:

Expect coverage rates of 100-200 sq. feet per gallon.

### V.O.C. CONTENT:

This Floor or Wall Covering Adhesive Remover contains less than 5% V.O.C. content by weight, in accordance with the requirements set forth by the California Air Resource Board (CARB) and Ozone Transport Commission (OTC), effective 1-1-2009.

### WARRANTY NOTICE:

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price, because seller cannot control users handling and use or effect of that use.

HAZARD RATING: HMIS
