

## PRODUCT DATA SHEET

### FORMULA SUPER CMR

# SUPER CMR CITRUS MASTIC REMOVER

HIGH STRENGTH / FRESH CITRUS SCENT / GREATER COVERAGE

## Product Description

Sentinel Super CMR Citrus Mastic Remover is formulated with the high strength of citrus for removing black mastics commonly found under 9" and 12" vinyl floor tile.

## Application Information (Always follow product label instructions for best results)

### DIRECTIONS:

Before beginning work, protect all walls, flooring, carpeting, cracks or wood with an absorbent from liquid materials. This will ensure easier clean-up and eliminate potential problems

### STEP 1:

Wet the entire adhesive surface with Super CMR. This may be done by spraying or mopping Super CMR over the surface of the mastic. Allow Super CMR to soak and penetrate into the mastic for 15 - 20 minutes.

### STEP 2:

Scrape or squeegee the bulk of the softened or liquefied mastic from the surface with a floor scraper (razor scraper) or floor squeegee.

### STEP 3:

Reapply Super CMR as in step one. Agitate with a short-bristled broom, hand-held or rotating floor scrubber with stripper pads to fully lift and liquefy adhesive residue from the subfloor. The liquid may then be removed with absorbent.

### STEP 4:

Wash and rinse the floor thoroughly with Sentinel 805 and water to ensure a clean surface. Allow to dry a minimum of 24 hours before installing new flooring.

### COVERAGE:

Expect coverage rates of 100-200 sq. feet per gallon.

### WARRANTY NOTICE:

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price, because seller cannot control users handling and use or effect of that use.

HAZARD RATING: HMIS  
HEALTH 1  
FLAMMABILITY 2
