## PROFESSIONAL RESTORATION PRODUCTS

**Sentinel 315 Smoke & Soot Cleaner/Wash** is a powerful cleaner that is highly concentrated and safe to use. Sentinel 315 works great on restoration jobs as a wash for cleaning carbon, soot and other residues commonly found after fires and other disasters. Sentinel 315 can be mixed in varying strengths based on the cleaning needs of the job. Sentinel 315 has a pH of 8-9.

**Usage Guidelines:** Sentinel 315 can be used to clean carbon and soot from most surfaces including structural surfaces, finished surfaces, soft goods and building contents.

**Directions for Use:** (For Professional Use Only.)

Read directions thoroughly prior to use. Test in a small inconspicuous area prior to using on soft goods, fabrics and all finished surfaces to assure desired results. Do NOT use if color transfers or is altered. Sentinel 315 can be applied with a pressure washer, pump sprayer, foamer or can be used in a bucket washed application. Mix product in applicator and apply solution to surface. Allow product to soak for a few minutes when removing tougher stains and soils. Agitate the affected surface with a brush or sponge and rinse with clean water.

Light Soils 2-4 oz. per gallon    Medium Soils 6-8 oz. per gallon    Heavy Soils 8-16 oz. per gallon

Use strictly in accordance with instructions for use. Buyer assumes all responsibility for safety and use not in accordance with label instructions. Seller cannot control user's handling, use, or effect of use and therefore makes no warranty, expressed or implied, nor accepts any direct or consequential damages beyond the purchase price.

### DANGER

(Contains: Trisodium Phosphate Anhydrous, Sodium Metasilicate Pentahydrate, 2-(2-butoxyethoxy) ethanol, Surfactant Blend)

HAZARD STATEMENTS: Causes serious eye damage

PRECAUTIONARY STATEMENTS: Wear eye protection, protective clothing, protective gloves. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. Store in a well ventilated place. Keep cool. Store locked up. Dispose of contents /container to licensed waste handling facility.

FIRST AID: IF INHALED: If breathing difficulties, dizziness or light-headedness occur when working in areas with high vapor concentration, victim should seek air free of vapors. If breathing stops, begin artificial respiration and seek immediate medical attention. IF ON SKIN: Immediately rinse with plenty of soap and water (for at least 15 minutes). Remove contaminated clothing and wash before reuse. If irritation or redness develops and persists, get medical advice/attention. IF IN EYES: Rinse immediately and thoroughly, pulling the eyelids well away from the eye (15 minutes minimum). Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation occurs, get medical advice/attention. IF SWALLOWED: Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.

HANDLING AND STORAGE: Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Do not breathe mists. Keep only in the original container in a cool, well ventilated place away from: Heat sources. Keep container closed when not in use. Do not allow to freeze as container may burst. REFER TO SDS FOR MORE INFORMATION FOR INDUSTRIAL USE ONLY KEEP OUT OF REACH OF CHILDREN
