pH 11.0

PROFESSIONAL RESTORATION PRODUCTS

Sentinel 369 Ultimate Cleaner & Degreaser is a powerful cleaner that is concentrated and safe for use on most metal surfaces, including aluminum, and on rubber roofing materials. Sentinel 369 removes dirt, grime and other soils from coils or condensers, brightens most metals, and rinses clean with water. 369 is highly concentrated and can be mixed in varying strengths, based on the cleaning needs of the job. Usage Guidelines: Read directions thoroughly prior to use. Make sure that power to all units is shut-off and that lockout/tagout has been performed before cleaning HVAC systems. Clean surfaces of all loose debris and dirt prior to applying Sentinel 369. 369 has a pH of 11.0.

Directions for Use: (For Professional Use Only.)

Use Sentinel 369 straight for the toughest cleaning jobs or dilute one (1) part 369 with up to ten (10) parts water for lighter soils or for general cleaning and degreasing. Apply product to coils using a trigger sprayer and allow to soak for a few minutes before rinsing with water. Sentinel 369 can also be used in low pressure sprayers and in pressure washing applications as well. Apply mixed solutions with a sprayer to the coil or condenser from the bottom up. Allow product to soak for a few minutes before rinsing with water.

**DANGER**

(Contains: Water, Surfactant Blend, Lauramine Oxide, Sodium Metasilicate Pentahydrate, Amino tris (methylene phosphonic acid))

HAZARD STATEMENTS: Causes skin irritation. Causes serious eye damage. Harmful to aquatic life with long lasting effects.  
PRECAUTIONARY STATEMENTS: Wash hands thoroughly after handling. Wear eye protection, protective clothing, protective gloves. Avoid release to the environment. IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical attention. Take off contaminated clothing and wash before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. Dispose of contents /container to licensed waste handling facility.

FIRST AID: IF ON SKIN: Rinse and wash with plenty of soap and water. Remove contaminated clothing and shoes and wash before reuse. IF IN EYES: Immediately rinse cautiously with water for 15 minutes while holding eyelids open. Remove contact lenses, if present and easy to do so. Continue rinsing. Get medical advice/attention promptly. IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. If vomiting occurs spontaneously, keep head below hips to prevent aspiration. Get medical advice/attention promptly.

HANDLING AND STORAGE: Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Do not breath mists. Keep only in the original container in a cool, well ventilated place away from: Heat sources. Keep container closed when not in use. Do not allow product to freeze as container may burst.
