1 U.S. Gallon (3.79L)

CAUTION: MAY CAUSE EYE & SKIN IRRITATION .  
Read precautions on back panel.

pH 7.0 - 8.0

## PROFESSIONAL RESTORATION PRODUCTS

Sentinel 531 Smoke & Odor Counteractant is a professional strength, odor control product used to eliminate odors commonly associated with restoration projects like smoke and damp musty smells. Sentinel 531 can be used as an odor control additive to clean smells from hard surfaces as well as soft goods and other materials. Sentinel 531 is non-flammable and non-hazardous and can be used as part of a professional cleaning process without the concerns normally associated with other flammable odor control products. 531 has a pH of 5.5 - 7.0.

Usage Guidelines: Read directions thoroughly prior to use. Test in a small inconspicuous area prior to using on soft goods and fabrics to assure desired results. Sentinel 531 is safe for both cold and thermo-fogging applications.

Directions for Use: (For Professional Use Only.)

Dilute Sentinel 531 before using by mixing 3 ounces of 531 with enough water to make one gallon of solution. For additional odor control or for use on charred wood, mix 531 (up to 12 ounces) and prepare as above to make one gallon of stronger solution. Solution is ready to use once it is thoroughly mixed. Apply mixed solution with a low pressure sprayer to affected surfaces. Spray surfaces until they appear saturated. For mechanical fogging applications, apply in accordance with existing process or standards.

### DANGER

(Contains: Surfactant Blend, Sodium xylenesulfonate, Fragrance)

#### HAZARD STATEMENTS:

Causes serious eye damage. May cause an allergic skin reaction.

#### PRECAUTIONARY STATEMENTS:

Avoid breathing mist/vapors/spray. Contaminated work clothing should not be allowed out of the workplace. Wear eye protection/face protection, protective gloves. IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/ attention. Wash contaminated clothing before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. Immediately call a POISON CENTER or doctor /physician. Dispose of contents/container to licensed waste handling facility.

FIRST AID: IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor /physician if you feel unwell. IF ON SKIN: Remove contaminated clothing and shoes. Cleanse affected areas thoroughly by washing with plenty of soap and water. If irritation or redness develops and persists, seek medical attention. Wash contaminated clothing and shoes before reuse. IF IN EYES: Immediately rinse cautiously with water for 15 minutes while holding eyelids open. Remove contact lenses, if present and easy to do so. Continue rinsing. Get medical advice/attention if irritation persists. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Administer large amounts of water if victim is conscious. Get medical advice/attention promptly.

HANDLING AND STORAGE: Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Do not breath mists. Keep only in the original container in a cool, well ventilated place away from : Heat sources. Keep container closed when not in use. Do not allow to freeze as container may burst.

KEEP OUT OF REACH OF CHILDREN
