

HIGH PERFORMANCE ECO-FRIENDLY PRODUCTS

FORMULA

805NP

REMOVES LEAD DUST
HIGHLY CONCENTRATED
NON-PHOSPHATE FORMULA

ENVIROWASH NP

PRODUCT DESCRIPTION

SENTINEL 805^{NP} ENVIROWASH^{NP} is specifically formulated and highly concentrated to remove lead dust when a non-phosphate formula is required or preferred. This NP formula is also available in a pre-soaked, hand-safe enviro towel.

WARRANTY NOTICE

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price, because seller cannot control user's handling, and use, or effect of that use.

DIRECTIONS

FOR LEAD ABATEMENT:

Mix 1 part 805^{NP} to 10 parts water to get recommended dilution ratio (1 gallon of 805^{NP} to 10 gallons of water). 805^{NP} should be used before encapsulating , after active abatement has concluded and for general maintenance in reducing exposure to lead dust.

TO USE: Wash all surfaces, ceilings, walls, floors, windows, doors, fixtures, cabinets, etc with Envirowash solution. Starting with the ceiling, work down to the floor. The cleaning solution should be changed at least after each room has been washed, and more often, in larger areas. Each time the mixture is changed, workers must ensure that the used water does not re-contaminate the environment. 805^{NP} may be applied with sponges, rags, or mops, depending on the area to be cleaned. Protect eyes, especially when working overhead. Rinse if necessary.

Try Sentinel 290 Envirotowels^{NP} if cross-contamination, mixing and diluting, or lack of water is a problem.

WARNING

(Contains Surfactant, Citric Acid)

Causes serious eye irritation.

HAZARD STATEMENTS:

PRECAUTIONARY STATEMENTS:Wash hands thoroughly after handling. Wear eye protection, protective clothing, protective gloves.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists: Get medical attention. Dispose of contents /container to licensed waste handling facility.

FIRST AID: EYES- IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. If pain, blinking, or irritation develops or persists, get medical attention. Continue rinsing. **IF ON SKIN:**

Remove affected clothing and wash all exposed skin with water for at least 15 minutes. If irritation develops or persists, get medical attention. **IF INHALED:** Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if breathing is affected. If breathing is difficult, supply oxygen. **IF SWALLOWED:** Rinse mouth thoroughly. Do NOT induce vomiting without advice from poison control center or medical professional. Get medical attention if you feel unwell.

HANDLING AND STORAGE: Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Keep container closed when not in use. REFER TO SDS FOR MORE INFORMATION
