

FORMULA 333 GREEN ALL-PURPOSE CLEANER & DEGREASER

Product Description

Sentinel 333 Green All-Purpose Cleaner & Degreaser is a concentrated, environmentally friendly, biodegradable cleaner & degreaser. Sentinel 333 Green contains no hazardous ingredients. With incredible penetrating and wetting qualities, Sentinel 333 Green reduces surface tension for efficient soil removal. Sentinel 333 Green is more effective than traditional cleaning products that attempt to break down soils with hazardous chemistry.

Application Information (Always follow product label instructions for best results)

Usage Guidelines:

Read directions and review sds prior to use. Test in a small inconspicuous area prior to using on soft goods and fabrics to assure desired results.

Directions For Use:

Use Sentinel 333 Green straight for the toughest cleaning jobs or dilute 1 part 333 with up to 10 parts water. Mix solution in a bucket and apply onto surface with brushes, sponges and rags, scrub surface until clean. Dilution rates can be adjusted as needed for lighter soils or for general purpose cleaning & degreasing.

Sentinel 333 Green All-Purpose Cleaner & Degreaser can be used in low pressure sprayers as well as in pressure washer applications. Apply mixed solutions with a sprayer to affected surfaces and rinse as needed. Allow product to dwell for a few minutes before rinsing.
