

FORMULA ET 290 & ET90 Lead Dust Remover ENVIROTOWELS

READY TO USE / CLEANS LEAD DUST / CONVENIENT TOWELS

Product Description

Sentinel ET 290 & ET 90 Lead Dust Remover Envirotowels represent the latest technology in cleaning and removing lead dust. Envirotowels are designed for pre-cleaning prior to removal or encasement of lead and for final clean-up following lead abatement. Each towel is ready to use and presoaked with a solution of Sentinel 805 Envirowash, an alkaline cleaner with a proprietary surfactant package that meets HUD guidelines.

Application Information (Always follow product label instructions for best results)

Usage Guidelines:

Read directions and review sds prior to use. Test in a small inconspicuous area prior to using on soft goods and fabrics to assure desired results.

Warranty Notice:

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price, because the seller cannot control users handling and use, or effect of that use.

Directions For Use:

For Lead Dust Removal: Tear off towels at perforation and wipe all surfaces, ceilings, walls, floors, windows, doors, fixtures, cabinets, etc. with Envirotowels. Starting with the ceiling, work down to the floor. Each towel can be folded twice and each surface can be used to clean 4' of hard surface before disposal. Protect exposed skin and eyes, especially when working overhead.
