PRODUCT DESCRIPTION

SENTINEL® EnviroWash 805™

is a concentrated product specifically formulated for final preparation of sub floors following mastic removal on asbestos jobs and lead dust cleanup.

WARRANTY NOTICE

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price because seller cannot control users handling, use or effect of that use.

DIRECTIONS

For Asphalt Adhesive Residue Removal:

Mix 1 part 805 to 1 part hot water, depending on the amount of residue left a second application of 805 may be necessary following adhesive removal. Pour mixture onto floor to be cleaned.

Use a broom, manual stripper pad or rotating floor scrubber with stripper pads to scrub the floor until clean. Wash and rinse the floor, changing the water as needed to ensure a clean surface. Allow to dry before resurfacing.

DIRECTIONS

For Lead Abatement: Mix 1 part 805 with up to 4 parts of hot water (approximately 1 gallon of 805 to 4 gallons of water). 805 should be used before encapsulating, after active abatement has concluded and for general maintenance in reducing exposure to lead dust.

Procedure: Wash all surfaces, ceilings, walls, floors, windows, doors, fixtures, cabinets, etc. with 805 Envirowash solution. Starting with the ceiling, work down to the floor. The cleaning solution should be changed (at least) after each room has been washed and more often in larger areas. Each time the mixture is changed, workers must ensure that the used water does not re-contaminate the environment. 805 may be applied with sprayers, towels, rags or mops, depending on the area to be cleaned. Use Sentinel Envirotowels for clearance, if cross-contamination, mixing, diluting or lack of water is a problem.

DANGER

(Contains: Surfactant Blend, Trisodium Phosphate Anhydrous, Sodium Metasilicate Pentahydrate, Citric Acid)

HAZARD STATEMENTS: Causes skin irritation. Causes serious eye damage.
PRECAUTIONARY STATEMENTS: Wash hands thoroughly after handling. Wear eye protection, protective clothing, protective gloves.
IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash before reuse.
