

Sentinel 302 High Strength Ready to Use Peroxide Cleaner

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 12/9/2022

Supersedes: All previous versions

Version: 1.0

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name : Sentinel 302 High Strength Ready to Use Peroxide Cleaner
Product form : Mixture

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Cleaning and stain removal

1.3. Details of the supplier of the safety data sheet

Sentinel Products Inc.
8901 Wyoming Avenue North
Brooklyn Park, MN 55445
Phone: (763) 571-0630
Toll-free: (800) 373-0633
www.senpro.com

1.4. Emergency telephone number

Emergency number : 1-866-359-5661

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (GHS-US)

Skin Corrosion/Irritation Category 1 H314
Eye Irritation Category 1 H318

2.2. Label elements

GHS-US labeling

Hazard pictograms (GHS-US) :

GHS05

Signal word (GHS-US) :

Danger

Hazard statements (GHS-US) :

H314 - Causes severe skin burns and eye damage
H318 - Causes serious eye damage

Precautionary statements (GHS-US) :

P260 – Do not breathe mists.
P264 - Wash hands thoroughly after handling.
P280 - Wear eye protection/face protection, protective gloves.
P301+P330+P331 - IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
P302+P361+P354 – IF ON SKIN: Take off immediately all contaminated clothing. Immediately rinse with water for several minutes.
P363 – Wash contaminated clothing before reuse.
P304+P340: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P316: Get emergency medical help immediately.
P305+P354+P338 - IF IN EYES: Immediately rinse with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing.
P405: Store locked up.
P501 - Dispose of contents/container to licensed waste handling facility

2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity (GHS-US)

No data available

Sentinel 302 High Strength Ready to Use Peroxide Cleaner

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable

3.2. Mixture

Name	Product identifier	%
Water	(CAS No) 7732-18-5	Proprietary*
Hydrogen Peroxide	(CAS No) 7722-84-1	<8%
Surfactant Blend	(CAS No) Proprietary*	Proprietary*
Sodium Hydroxide	(CAS No) 1310-73-2	Proprietary*
Amino tris(methylene phosphonic acid)	(CAS No) 6419-19-8	Proprietary*

*The specific chemical identity and exact percentage of composition has been withheld as a trade secret

SECTION 4: First aid measures

4.1. Description of first aid measures

- First-aid measures general : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).
- First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.
- First-aid measures after skin contact : IF ON SKIN : Rinse and wash with plenty of soap and water. Remove contaminated clothing and shoes and wash before reuse.
- First-aid measures after eye contact : IF IN EYES: Immediately rinse cautiously with water for 15 minutes while holding eyelids open. Remove contact lenses, if present and easy to do so. Continue rinsing. Get medical advice/attention promptly.
- First-aid measures after ingestion : IF SWALLOWED: Rinse mouth. If victim can swallow, give several glasses of water. Do NOT induce vomiting. If vomiting occurs spontaneously, keep head below hips to prevent aspiration. Get medical advice/attention promptly.

4.2. Most important symptoms and effects, both acute and delayed

- Symptoms/injuries : May be fatal if swallowed and enters airways.
- Symptoms/injuries after inhalation : Inhalation in high concentrations may cause irritation of the upper respiratory tract. Aspiration of this material into the lungs may cause chemical pneumonia or death.
- Symptoms/injuries after skin contact : Contact may cause irritation or an allergic skin reaction. Persons with a pre-existing skin condition may be more susceptible to the effects of this product. Temporary skin lightening may occur.
- Symptoms/injuries after eye contact : Direct contact with the eyes is likely to be irritating. May cause burns and possible corneal damage.
- Symptoms/injuries after ingestion : Irritating to the mucous membranes of the mouth, throat, esophagus and stomach.
- Chronic symptoms : No data available.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

SECTION 5: Firefighting measures

5.1. Extinguishing media

- Suitable extinguishing media : Water, water fog

5.2. Special hazards arising from the substance or mixture

- Explosion hazard : Heat may build pressure, rupturing closed containers, spreading fire and increasing risk of burns and injuries.
- Reactivity : No dangerous reactions known under normal conditions of use.

5.3. Advice for firefighters

- Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Do not dispose of fire-fighting water in the environment.
- Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

- General measures : Evacuate unnecessary personnel. Keep upwind. Ventilate area. Spill should be handled by trained clean-up crews properly equipped with PPE as specified in section 8.

Sentinel 302 High Strength Ready to Use Peroxide Cleaner

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

6.1.1. For non-emergency personnel

- Protective equipment : Wear Protective equipment as described in Section 8.
Emergency procedures : Evacuate unnecessary personnel.

6.1.2. For emergency responders

- Protective equipment : Wear suitable protective clothing, gloves and eye or face protection. Approved supplied-air respirator, in case of emergency.

6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

6.3. Methods and material for containment and cleaning up

- For containment : Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Do not use sawdust or other combustible materials for absorbents.
Methods for cleaning up : Mop up spills and flush residues with large volume of water, or soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Do not use sawdust or other combustible materials for absorbents. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13).

6.4. Reference to other sections

No additional information available

SECTION 7: Handling and storage

7.1. Precautions for safe handling

- Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Do not breathe mists.

7.2. Conditions for safe storage, including any incompatibilities

- Storage conditions : Keep only in the original container in a cool, well ventilated place away from : Heat sources. Keep container closed when not in use. Do not allow product to freeze as container may burst.

7.3. Specific end use(s)

No additional information available

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Hydrogen Peroxide (Proprietary*)	
Remark (ACGIH)	1 ppm
Remark (US OSHA)	1 ppm (1.4 mg/m ³)

Surfactant Blend (Proprietary*)	
Remark (ACGIH)	OELs not established
Remark (US OSHA)	OELs not established

Sodium Hydroxide (1310-73-2)	
Remark (ACGIH)	Ceiling: 2mg/m ³
Remark (US OSHA)	2 mg/m ³ Ceiling 2 mg/m ³ TWA

Amino tris(methylene phosphonic acid) (6419-19-8)	
Remark (ACGIH)	OELs not established
Remark (US OSHA)	OELs not established

8.2. Exposure controls

- Appropriate engineering controls : Ensure adequate ventilation, especially in confined areas. Ventilation rates should be matched to conditions. It is suggested that there be a source of clean water near by should it be needed for flushing eyes.

Sentinel 302 High Strength Ready to Use Peroxide Cleaner

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Personal protective equipment : Gloves. Protective goggles. Respiratory protection of the dependent type may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits.

Hand protection : Use gloves chemically resistant to this material when prolonged or repeated contact could occur or if pre-existing skin conditions are present. Gloves should be classified under Standard EN 374 or ASTM F1296. Suggested glove materials are: Natural rubber ("latex"), Neoprene, Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, PVC or vinyl. Do NOT use cotton, wool or leather gloves.

Eye protection : Eye protection, including both chemical splash goggles and face shield, must be worn when possibility exists for eye contact due to spraying liquid or airborne particles.

Skin and body protection : Wear suitable protective clothing as necessary.

Respiratory protection : An approved organic vapor respirator/supplied air or self-contained breathing apparatus must be used when vapor concentration exceeds applicable exposure limits.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state : Liquid
Appearance : Clear
Color : None
Odor : Slight, characteristic
Odor Threshold : No data available
pH : 4.0 – 5.0
Relative evaporation rate (butyl acetate=1) : Slower than ether
Melting point : No data available
Freezing point : No data available
Boiling point : >100 °C (212 °F)
Flash point : None to boiling
Self ignition temperature : No data available
Decomposition temperature : No data available
Flammability (solid, gas) : No data available
Vapor pressure : No data available
Relative vapor density at 20 °C : No data available
Relative density : No data available
Solubility : No data available
Log Pow : No data available
Log Kow : No data available
Viscosity, kinematic : No data available
Viscosity, dynamic : No data available
Explosive properties : No data available
Oxidizing properties : No data available
Explosive limits : No data available

SECTION 10: Stability and reactivity

10.1. Reactivity

No dangerous reactions known under normal conditions of use.

10.2. Chemical stability

Stable under recommended handling and storage conditions (see section 7).

10.3. Possibility of hazardous reactions

None known.

Sentinel 302 High Strength Ready to Use Peroxide Cleaner

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

10.4. Conditions to avoid

Freezing. Heat.

10.5. Incompatible materials

Strong alkalis and reducing agents.

10.6. Hazardous decomposition products

Thermal decomposition generates : Oxygen.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity : Not classified

Hydrogen Peroxide (7722-84-1)	
LD50 oral rat	801 mg/kg (34%)
LD50 dermal rabbit	2,000 mg/kg (34%)
LC50 inhalation 4H rat	2.0 g/m ³

Surfactant Blend (Proprietary*)	
LD50 oral rat	No data available
LD50 dermal rabbit	No data available

Sodium Hydroxide (1310-73-2)	
LD50 oral rat	No data available
LD50 dermal rabbit	1350 mg/kg

Amino tris(methylene phosphonic acid) (6419-19-8)	
LD50 oral rat	No data available
LD50 dermal rabbit	No data available

Skin corrosion/irritation : Causes severe irritation and burns.
Serious eye damage/irritation : Causes eye damage
Respiratory or skin sensitization : Not classified
Germ cell mutagenicity : Not classified
Carcinogenicity : **Hydrogen Peroxide (7722-84-1)** Chronic drinking water administration to rat and mouse: Affected organ(s): Gastro-intestinal tract. Signs: Increased incidence of tumors was found. Classified by the International Agency for Research on Cancer as: Group 3: Unclassifiable as to carcinogenicity in humans.

Reproductive toxicity : Not classified
Specific target organ toxicity (single exposure) : Not classified

Specific target organ toxicity (repeated exposure) : Not classified

Aspiration hazard : May be fatal if swallowed and enters airways.
Symptoms/injuries after inhalation : Inhalation in high concentrations may cause irritation of the upper respiratory tract. Aspiration of this material into the lungs may cause chemical pneumonia or death.
Symptoms/injuries after skin contact : Contact may cause irritation or an allergic skin reaction. Persons with a pre-existing skin condition may be more susceptible to the effects of this product.
Symptoms/injuries after eye contact : Direct contact with the eyes is likely to be irritating. May cause burns and possible corneal damage.
Symptoms/injuries after ingestion : Irritating to the mucous membranes of the mouth, throat, esophagus or stomach.
Chronic symptoms : No data available.

SECTION 12: Ecological information

12.1. Toxicity

No additional information available

Sentinel 302 High Strength Ready to Use Peroxide Cleaner

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

12.2. Persistence and degradability

No additional information available

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

No additional information available

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste treatment methods : Do not discharge to public wastewater systems without permit of pollution control authorities. No discharge to surface waters is allowed without an NPDES permit.

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment.

SECTION 14: Transport information

In accordance with DOT

Transport document description : Cleaning Compound

Department of Transportation (DOT) Hazard Classes : Not Regulated

Transport by sea

No additional information available

Air transport

No additional information available

In accordance with ADR / RID / IMDG / IATA / ADN

SECTION 15: Regulatory information

15.1. US Federal regulations

Sentinel 302 High Strength Ready to Use Peroxide Cleaner

All chemical substances in this product are listed or exempt from listing in the EPA (Environmental Protection Agency) TSCA (Toxic Substances Control Act) Inventory

SARA Section 311/312 Hazard Classes	Immediate (acute) health hazard
-------------------------------------	---------------------------------

15.2. International regulations

CANADA

Hydrogen Peroxide (7722-84-1)

Listed on the Canadian DSL (Domestic Substances List) inventory.

Surfactant Blend (CAS # Proprietary)

Listed on the Canadian DSL (Domestic Substances List) inventory.

Amino tris(methylene phosphonic acid) (6419-19-8)

Listed on the Canadian DSL (Domestic Substances List) inventory.

No additional information available

15.2.2. National regulations

No additional information available

15.3. US State regulations

California Proposition 65

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm.

Sentinel 302 High Strength Ready to Use Peroxide Cleaner

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Amino tris(methylene phosphonic acid) (6419-19-8)

U.S. - New Jersey - Right to Know Hazardous Substance List

SECTION 16: Other information

Indication of changes : Revision 1.0 – 9 December 2022 – New SDS created
Other information : Author. KAD

NFPA health hazard : 1 - Exposure would cause irritation with only minor residual injury
NFPA fire hazard : 0 - Materials that will not burn under typical fire conditions.
NFPA reactivity : 0 - Normally stable, even under fire exposure conditions, and is not reactive with water

HMIS III Rating

Health : 1
Flammability : 0
Physical : 0
Personal Protection :
