

# Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 3/30/2023 Supersedes: All previous versions Version: 2.0

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name : Sentinel 317 Multi-Purpose Cleaner & Degreaser

Product form : Mixture

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Cleaning and degreasing

1.3. Details of the supplier of the safety data sheet

Sentinel Products Inc. 8901 Wyoming Avenue North Brooklyn Park, MN 55445 Phone: (763) 571-0630 Toll-free: (800)-373-0633

www.senpro.com

1.4. Emergency telephone number

Emergency number : 1-866-359-5661

# **SECTION 2: Hazards identification**

# 2.1. Classification of the substance or mixture

# Classification (GHS-US)

Eye Irritation Category 1 H318

#### 2.2. Label elements

# **GHS-US labeling**

Hazard pictograms (GHS-US)

Signal word (GHS-US) : Danger

Hazard statements (GHS-US) : H318 - Causes serious eye damage

Precautionary statements (GHS-US) : P264+P265 - Wash hands thoroughly after handling. Do not touch eyes.

P280 - Wear eye protection/face protection, protective gloves.

P305+P354+P338 - IF IN EYES: Immediate rinse with water for several minutes. Remove

contact lenses, if present and easy to do so. Continue rinsing.

P317 – Get medical help.

## 2.3. Other hazards

No additional information available

## 2.4. Unknown acute toxicity (GHS-US)

No data available

# **SECTION 3: Composition/information on ingredients**

## 3.1. Substance

Not applicable

## 3.2. Mixture

Name	Product identifier	%
Water	(CAS No) 7732-18-5	Proprietary*
2-(2-butoxyethoxy)ethanol	(CAS No) 112-34-5	Proprietary*
Surfactant Blend	(CAS No) Proprietary*	Proprietary*
Ethylenediaminetetraacetic acid, tetrasodium salt	(CAS No) 64-02-8	Proprietary*
Sodium Metasilicate Pentahydrate	(CAS No) 6834-92-0	Proprietary*
Sodium Carbonate	(CAS No) 497-19-8	Proprietary*

<sup>\*</sup>The specific chemical identity and exact percentage of composition has been withheld as a trade secret

# Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

## **SECTION 4: First aid measures**

4.1. Description of first aid measures

First-aid measures general : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice

(show the label where possible).

First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Call a

POISON CENTER or doctor/physician if you feel unwell.

First-aid measures after skin contact : IF ON SKIN : Rinse and wash with plenty of soap and water. Remove contaminated clothing and

shoes and wash before reuse.

First-aid measures after eye contact : IF IN EYES: Immediately rinse cautiously with water for 15 minutes while holding eyelids open.

Remove contact lenses, if present and easy to do so. Continue rinsing. Get medical

advice/attention promptly.

First-aid measures after ingestion : IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. If vomiting occurs spontaneously,

keep head below hips to prevent aspiration. Get medical advice/attention promptly.

## 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries : May be fatal if swallowed and enters airways.

Symptoms/injuries after inhalation : Inhalation in high concentrations may cause irritation of the upper respiratory tract. Aspiration of

this material into the lungs may cause chemical pneumonia or death.

Symptoms/injuries after skin contact : Contact may cause irritation or an allergic skin reaction. Persons with a pre-existing skin

condition may be more susceptible to the effects of this product.

Symptoms/injuries after eye contact : Direct contact with the eyes is likely to be irritating. May cause burns and possible corneal

damage.

Symptoms/injuries after ingestion : Irritating to the mucous membranes of the mouth, throat, esophagus and stomach.

Chronic symptoms : No data available.

# 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

#### **SECTION 5: Firefighting measures**

# 5.1. Extinguishing media

Suitable extinguishing media : Dry chemical. Carbon dioxide. Foam.

# 5.2. Special hazards arising from the substance or mixture

Explosion hazard : Heat may build pressure, rupturing closed containers, spreading fire and increasing risk of burns

and injuries.

Reactivity : No dangerous reactions known under normal conditions of use.

5.3. Advice for firefighters

Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any

chemical fire. Do not dispose of fire-fighting water in the environment.

Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

## **SECTION 6: Accidental release measures**

# 6.1. Personal precautions, protective equipment and emergency procedures

General measures : Evacuate area. Keep upwind. Ventilate area. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

# 6.1.1. For non-emergency personnel

Protective equipment : Wear Protective equipment as described in Section 8.

Emergency procedures : Evacuate unnecessary personnel.

# 6.1.2. For emergency responders

Protective equipment : Wear suitable protective clothing, gloves and eye or face protection. Approved supplied-air

respirator, in case of emergency.

# 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

# 6.3. Methods and material for containment and cleaning up

For containment : Contain any spills with dikes or absorbents to prevent migration and entry into sewers or

streams. Foam may be used to suppress vapors.

# Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Methods for cleaning up

: Mop up spills and flush residues with large volume of water, or soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13).

#### 6.4. Reference to other sections

No additional information available

# **SECTION 7: Handling and storage**

# 7.1. Precautions for safe handling

Precautions for safe handling

: Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. Do not breathe mists.

## 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions

: Keep only in the original container in a cool, well ventilated place away from : Heat sources. Keep container closed when not in use. Do not allow product to freeze as container may burst.

## 7.3. Specific end use(s)

No additional information available

# **SECTION 8: Exposure controls/personal protection**

## 8.1. Control parameters

2-(2-butoxyethoxy)ethanol (112-34-5)	
Remark (ACGIH)	TWA - 10 ppm
Remark (US OSHA)	OELs not established

Surfactant Blend (Proprietary*)	
Remark (ACGIH)	OELs not established
Remark (US OSHA)	OELs not established

Ethylenediaminetetraacetic acid, tetrasodium salt (64-02-8)	
Remark (ACGIH)	OELs not established
Remark (US OSHA)	OELs not established

Sodium Metasilicate Pentahydrate (6834-92-0)	
Remark (ACGIH)	OELs not established
Remark (US OSHA)	OELs not established

While exposure limits are not assigned for this material, an exposure limit of 2 mg/m³ (15 min TWA) is recommended by analogy with sodium hydroxide.

Sodium Cabonate (497-19-8)	
Remark (ACGIH)	OELs not established
Remark (US OSHA)	OELs not established

#### 8.2. Exposure controls

Appropriate engineering controls

: Ensure adequate ventilation, especially in confined areas. It is suggested that there be a source of clean water near by should it be needed for flushing eyes.

Personal protective equipment

 Gloves. Protective goggles. Respiratory protection of the dependent type may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits.

# Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Hand protection : Use gloves chemically resistant to this material when prolonged or repeated contact could occur

or if pre-existing skin conditions are present. Gloves should be classified under Standard EN 374 or ASTM F1296. Suggested glove materials are: Natural rubber ("latex"), Neoprene,

Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, PVC or vinyl.

Eye protection : Eye protection, including both chemical splash goggles and face shield, must be worn when

possibility exists for eye contact due to spraying liquid or airborne particles.

Skin and body protection : Wear suitable protective clothing as neccessary.

Respiratory protection : An approved organic vapor respirator/supplied air must be used when vapor concentration

exceeds applicable exposure limits.

# SECTION 9: Physical and chemical properties

# 9.1. Information on basic physical and chemical properties

Physical state: LiquidAppearance: ClearColor: NoneOdor: Slight

Odor Threshold : No data available : 12.0 - 12.5 pН Relative evaporation rate (butyl acetate=1) : Slower than ether : No data available Melting point Freezing point : No data available : >100 °C (212 °F) Boiling point Flash point : None to boiling Self ignition temperature : No data available Decomposition temperature : No data available Flammability (solid, gas) No data available Vapor pressure : No data available : No data available Relative vapor density at 20 °C

Relative density No data available Solubility : No data available Log Pow : No data available Log Kow No data available Viscosity, kinematic : No data available No data available Viscosity, dynamic : No data available Explosive properties Oxidizing properties : No data available **Explosive limits** : No data available

# **SECTION 10: Stability and reactivity**

#### 10.1. Reactivity

No dangerous reactions known under normal conditions of use.

# 10.2. Chemical stability

Stable under recommended handling and storage conditions (see section 7).

# 10.3. Possibility of hazardous reactions

None known.

#### 10.4. Conditions to avoid

Freezina.

# 10.5. Incompatible materials

None known.

# 10.6. Hazardous decomposition products

Thermal decomposition generates: Oxides of carbon.

# Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

# **SECTION 11: Toxicological information**

# 11.1. Information on toxicological effects

Acute toxicity : Not classified

2-(2-butoxyethoxy)ethanol (112-34-5)	
LD50 oral rat	> 4500 mg/kg
LD50 dermal rabbit	> 2500 mg/kg

Surfactant Blend (Proprietary*) No data for the mixture	
LD50 oral rat	No data available
LD50 dermal rabbit	No data available

Ethylenediaminetetraacetic acid, tetrasodium salt (64-02-8)	
LD50 oral rat	1780 mg/kg
LD50 dermal rabbit	No data available

Sodium Metasilicate Pentahydrate (6834-92-0)	
LD50 oral rat	> 1100 mg/kg
LD50 dermal rabbit	> 5000 mg/kg
LC50 Inhalation rat	> 2 g/m <sup>3</sup>

Sodium Carbonate (497-19-8)	
LD50 oral rat	2800 mg/kg
LD50 dermal rabbit	> 2000 mg/kg

Skin corrosion/irritation : Not classified
Serious eye damage/irritation : Causes eye damage
Respiratory or skin sensitization : Not classified
Germ cell mutagenicity : Not classified
Carcinogenicity : Not classified
Reproductive toxicity : Not classified
Specific target organ toxicity (single exposure) : Not classified

Specific target organ toxicity (repeated

exposure)

: Not classified

Aspiration hazard : May be fatal if swallowed and enters airways.

Symptoms/injuries after inhalation : Inhalation in high concentrations may cause irritation of the upper respiratory tract. Aspiration of

this material into the lungs may cause chemical pneumonia or death.

Symptoms/injuries after skin contact : Contact may cause irritation or an allergic skin reaction. Persons with a pre-existing skin

condition may be more susceptible to the effects of this product.

Symptoms/injuries after eye contact : Direct contact with the eyes is likely to be irritating. May cause burns and possible corneal

damage.

Symptoms/injuries after ingestion : Irritating to the mucous membranes of the mouth, throat, esophagus or stomach.

Chronic symptoms : No data available.

# **SECTION 12: Ecological information**

## 12.1. Toxicity

No additional information available

## 12.2. Persistence and degradability

No additional information available

#### 12.3. Bioaccumulative potential

No additional information available

# Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### 12.4. Mobility in soil

No additional information available

#### 12.5. Other adverse effects

No additional information available

# **SECTION 13: Disposal considerations**

## 13.1. Waste treatment methods

Waste treatment methods : Do not discharge to public wastewater systems without permit of pollution control authorities.

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations. Do not allow the product

to be released into the environment.

# **SECTION 14: Transport information**

In accordance with DOT

Transport document description : Cleaning Compound
Department of Transportation (DOT) Hazard : Not Regulated

# Transport by sea

No additional information available

#### Air transport

Classes

No additional information available

In accordance with ADR / RID / IMDG / IATA / ADN

# **SECTION 15: Regulatory information**

## 15.1. US Federal regulations

#### Sentinel 317 Multi-Purpose Cleaner & Degreaser

All chemical substances in this product are listed or exempt from listing in the EPA (Environmental Protection Agency) TSCA (Toxic Substances Control Act) Inventory

SARA Section 311/312 Hazard Classes Immediate (acute) health hazard

# 15.2. International regulations

# CANADA

No additional information available

# 15.3. US State regulations

## California Proposition 65

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm.

# **SECTION 16: Other information**

Indication of changes : Revision 2.0 - 30 March 2023 - Revised Formula

Other information : Author. KAD

NFPA health hazard : 1 - Exposure could cause irritation but only minor residual

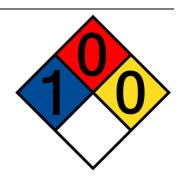

injury even if no treatment is given.

NFPA fire hazard : 0 - Materials that will not burn under typical fire conditions.

Safety Data Sheet
Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

NFPA reactivity

: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.

## **HMIS III Rating**

Health : 1 Flammability : 0 : 0 Physical Personal Protection
