

531 SMOKE & ODOR COUNTERACTANT

SENTINEL 531 SMOKE & ODOR COUNTERACTANT

Sentinel 531 Smoke & Odor Counteractant is a professional strength, odor control product used to reduce odors commonly associated with restoration cleaning projects, like smoke and damp, musty smells. Sentinel 531 can be used as an odor control additive to clean odors from hard surfaces as well as soft goods and other materials. Sentinel 531 is non-flammable and non-hazardous and can be used as part of a professional cleaning process without the concerns normally associated with other flammable odor control products.

Non-Flammable / Water Based / Reduces Odors

FORMULA 531 SMOKE & ODOR COUNTERACTANT

NON FLAMMABLE / WATER BASED / REDUCES ODORS

Product Description

Sentinel 531 Smoke & Odor Counteractant is a professional strength odor control product used to reduce odors commonly associated with restoration cleaning projects, like smoke and damp, musty smells. Sentinel 531 can be used as an odor control additive to clean odors from hard surfaces as well as soft goods and other materials. Sentinel 531 is non-flammable and non-hazardous and can be used as part of a professional cleaning process without the concerns normally associated with other flammable odor control products.

Application Information (Always follow product label instructions for best results)

Restoration Cleaning Process:

Sentinel 315 Smoke & Soot Cleaner/Wash is used as the first step when cleaning soot, smoke residues and soils from walls, ceilings and other building surfaces. After the surfaces have been cleaned with Sentinel 315, use Sentinel 531 Smoke & Odor Counteractant or Sentinel 522 Smoke & Odor Destroyer to rid the space of unwanted odors.

Usage Guidelines:

Read directions and Safety Data Sheet thoroughly prior to use.

Test in a small, inconspicuous area prior to using on soft goods and fabrics to ensure desired results.

Sentinel 531 can be used as an additive with other water based, ready to use cleaning product in order to increase their effectiveness and control odors. To use for this application, add 1 ounce per gallon of ready to use product.

Directions For Use:

Use appropriate PPE and avoid breathing mists.

Dilute Sentinel 531 before using by mixing 3 ounces of 531 with enough water to make 1 gallon of solution.

For additional odor control or for use on charred wood, mix up to 12 ounces of 531 with water to make 1 gallon of stronger solution.

Thoroughly mix before application.

Apply mixed solution with a low pressure sprayer to affected surfaces ensuring all smoke damaged surfaces are wetted.

Physical Properties:

Physical state: Liquid

Appearance: Clear

Color: None

Odor: Fresh

pH: 7.0-8.0

Boiling Point: >212° F.

Flash Point: None to boiling
