

302 HIGH-STRENGTH READY TO USE PEROXIDE CLEANER

Sentinel 302 High Strength Ready to Use Peroxide Cleaner is a professional strength, biodegradable cleaner with the power of Hydrogen peroxide. Sentinel 302 is designed to remove mold & mildew stains and other biological stains/soils such as vomit, urine/feces, blood, and other organic matter. The unique surfactants in Sentinel 302 provide superior wetting and foaming properties to lift and remove stains and soils from a variety of surfaces. Use on all types of remediation and restoration cleaning jobs. Safe for use on porous building materials such as timber, paneling, OSB, plywood, roof and wall sheathing, plaster, stucco, concrete, masonry, and metal.

Application Information (Always follow product label instructions for best results)

USAGE GUIDELINES:

Read the direction and review the Safety Data Sheet prior to use.

Remove loose dirt and debris from surfaces before applying Sentinel 302 High Strength Ready To Use Hydrogen Peroxide Cleaner.

Test in a small, inconspicuous area prior to using on soft goods and fabrics to ensure colorfastness.

PRECAUTIONS:

Do not mix with bleach or use on unrinsed surfaces previously cleaned with bleach. Not recommended for use on copper and brass.

Use and store in temperatures between 40°F - 90°F. Always store upright, the vented lid can leak if the container is placed on its side.

Follow good industrial hygiene practices and wear appropriate personal protective equipment including gloves, coveralls, and safety eyewear. Due to the level of Hydrogen peroxide in this product, contact with skin may temporarily lighten areas exposed to the product.

DIRECTIONS:

STEP 1: Apply Sentinel 302 to the surfaces to be cleaned with a sprayer, mop, sponge, or rag.

STEP 2: Allow Sentinel 302 to dwell on the surface for 5-10 minutes. Sentinel 302 will begin to foam on contact with organic matter.

STEP 3: After the contact period, agitate the surface and layer of foam with a stiff bristle brush to remove loose soils.

STEP 4: Wipe and remove foam and soils from the surface with a sponge, rags, wet vac, or similar means.

STEP 5: Rinse as desired.

WARRANTY

Use strictly in accordance with instructions for use. Buyer assumes all responsibility for safety and use not in accordance with label directions. Seller cannot control user's handling, use, or effect of use and therefore makes no warranty, expressed or implied, nor accepts any direct or consequential damages beyond the purchase price.

SPECIFICATIONS

Physical State:	Liquid
Appearance:	Clear
Color:	None
Odor:	Slight
pH:	Not applicable
Flash Point:	None to Boiling
Boiling Point:	<212°F
Shelf Life:	24 Months
