

828 SUPER SOY EQUIPMENT CLEANER

Sentinel 828 Super Soy Equipment Cleaner is a bio-based, highly concentrated cleaner that works great on heavy concentrations of dirt, dust, grease, and grime found on heavy machinery and equipment. Used with great success in the railroad and mining industries, the foaming characteristics of 828 give it the ability to cling and penetrate, reducing the amount of product used.

Application Information (Always follow product label instructions for best results)

Review directions and precautions thoroughly before starting work.

USAGE GUIDELINES

Review the Safety Data Sheet before beginning work.

DILUTIONS

HEAVY EQUIPMENT:

For heavy soils, use 828 at full strength or dilute at 1 part 828 to 1 part water. For general cleaning of dirt, taconite and coal dust, motor oils, gas and diesel films, mix 1 part 828 to 20 parts water.

VEHICLES:

Mix 1 part 828 to 100 parts water for high-sudsing, streak free cleaning of vehicle exteriors.

LOCOMOTIVES:

Use 828 at full strength or mix 1 part 828 to 10 parts water for superior cleaning.

DIRECTIONS:

Sentinel 828 may be applied by foaming, high pressure washers, or manually apply with brushes, mops, sponges and rags.

Apply or soak as needed. If soils/residue are extremely thick, apply and allow to dwell for up to 30 minutes.

Rinse with water under pressure.

WARRANTY

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price, because seller cannot control users handling and use or effect of that use.

SPECIFICATIONS

Physical State:	Liquid
Appearance:	Clear
Color:	None to amber
Odor:	Slight
pH:	12.0 - 12.5
Flash Point:	None to boiling
Boiling Point:	>212°F
Shelf Life:	36 Months
