

PRODUCT DATA SHEET

357 ULTRASONIC CLEANER

Sentinel 357 Ultrasonic Cleaner is a professional strength, biodegradable cleaner and degreaser developed to remove heavy soils, soot and related odors. Sentinel 357 is designed to be used in soak tanks or ultrasonic cleaning systems. The foaming properties of Sentinel 357 will lift and float free soil residues from a wide variety of substrates. It is safe for use on all metals.

Application Information (Always follow product label instructions for best results)

USAGE GUIDELINES

Read directions and review Safety Data Sheet prior to use. Avoid breathing mists or getting solution into eyes, nose, or mouth.

DILUTIONS:

Light Soils: 1 - 3 ounces of 357 per gallon of water

Moderate Soils: 4 - 6 ounces of 357 per gallon of water

Extreme Soils: 8 - 12 ounces of 357 per gallon of water

DIRECTIONS FOR USE:

Follow the best practices set forth by the manufacturer of the specific ultrasonic cleaning equipment you use.

For best results do not use at temperatures greater than 180°F. Temperatures higher than this are more likely to cause cavitation erosion and damage to surfaces.

Allow the solution to degas for 10 minutes at cleaning temperatures prior to placing objects to be cleaned into the tank.

Cleaning time is determined by the quantity and nature of the soils.

After cleaning, rinse objects with clean water.

WARRANTY

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond purchase price, because seller cannot control users handling and use or effect of that use.

SPECIFICATIONS

Physical State:	Liquid
Appearance:	Clear
Color:	None
Odor:	Slight
pH:	12.0 - 13.0
Flash Point:	None to boiling
Boiling Point:	>212°F
Shelf Life:	36 Months
