ADHESIVE, SEAM & SPOT CLEANER

Quickly Cleans:

- Carpet and Vinyl Seams
- Fresh & Cured Adhesive Spots
- Grease and Oils on Most Washable Surfaces
- Uncured Wood Glues

Sentinel's 787 Adhesive, Seam & Spot Cleaner is a fast-acting, high-strength remover, specially formulated to remove adhesive spots and grease from carpets, vinyl, and wood flooring. Works great as a seam cleaner for carpet and vinyl floor seams.

Directions for use:

As with any product, always test on a small area first to assure best results. To remove small glue spots and stains on carpet or wood floors: Apply Sentinel 787 to clean towel, rag or microfiber towel and wipe onto glue stain, haze or fingerprint. If glue has dried, allow 787 to penetrate and soften glue. Wipe spot until glue is gone, removing all adhesive residue. Turn cloth frequently, using a clean area each time to wipe the stain or spot. Rinse with warm water and allow to dry completely before walking on.

To clean vinyl floor seams: Apply 787 to microfiber towel or clean rag and wipe seam clean. Rinse with warm water and allow to dry.

To remove carpet seam glue: Simply wipe seam with 787 applied to a clean cloth or microfiber towel. Rinse with warm water and allow up to 5 minutes of dry time before reseaming.

V.O.C. COMPLIANT

This Floor or Wall Covering Adhesive Remover contains less than 5% V.O.C. content by weight, in accordance with the requirements set forth by the California Air Resource Board (CARB) and Ozone Transport Commission (OTC), effective 1-1-2009.
