LOCKDOWN SEALANT

CLEAR FINISH

5 Gallons (18.927L)

FOR INDUSTRIAL & PROFESSIONAL USE ONLY

PRODUCT DESCRIPTION

Sentinel 811 LS Lockdown Sealant is a post-removal lockdown sealant solution. 811 LS is premixed and requires no dilution. 811 LS is essential for use during the mandatory sealing of residual asbestos fibers and dust after removal or demolition.

811 LS Lockdown Sealant is NOT a Bridging or Penetrating Encapsulant and should not be used to encapsulate Asbestos Containing Materials in place.

WARRANTY NOTICE

Seller makes no warranty, expressed or implied, nor accepts any responsibility for any direct or consequential damages beyond the purchase price, because seller cannot control users' handling or use or effect of use.

CAUTION

Follow good industrial hygiene practices. Use approved respirators to prevent inhalation of asbestos fibers during the use of this product. Wash hands and other exposed areas thoroughly after use. This product may cause irritation to the skin and eyes. Read Safety Data Sheet before using this product. Keep container closed when not in use. Store and transport in an upright position. Do NOT allow product to freeze. KEEP OUT OF REACH OF CHILDREN.

This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200). Refer to cautions, first aid and safety data sheet for additional information for safe handling and use of the product.

FOR INDUSTRIAL USE ONLY KEEP OUT OF REACH OF CHILDREN REFER TO SDS FOR MORE INFORMATION

USAGE GUIDELINES

For best results, mix thoroughly before use.

Apply Sentinel 811 LS with an airless sprayer.

Dispose of in accordance with federal, state, and local regulations.

Clean-up: Clean spray equipment and tools immediately after use and prior to product drying with warm water.

FIRST AID

IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If pain, blinking or irritation develops or persists, get medical attention. IF ON SKIN: Wash with soap and water. IF INHALED: Move affected individual to fresh air. IF SWALLOWED: Rinse mouth. Seek medical attention.
